**Subject:** 2018 Harrisburg Senators VFW Night

Good Afternoon Ricky and David!

I was passed along your contact information from the VFW State Headquarters. The Senators are putting together different nights throughout the 2018 season to recognize & offer special tickets to local industries. One of those we would like to offer is a VFW Night. This would be a special ticket and Senators hat offer for all employees & families of any local VFWs. We are looking for a little guidance about a date or dates that might be best and potentially your help sharing the information with your members to share to their staff. There is no cost on any of the companies – they would just have to share a special link with their employees.

Let me know what the steps might be to make this happen, so we can pick a date that works for most!

Thank you!
