

KEYS TO PROGRESS
PROGRESSIVE

Keys to Progress Vehicle Giveaway Event

Since the start of Progressive's Keys to Progress® program in 2013, Progressive has donated considerable time and resources to provide more than 600 veterans with reliable transportation so they can get back on the road and move forward in life. We've also donated vehicles to veteran organizations dedicated to military-focused community outreach and, in 2018, we gave away our first commercial truck to help a veteran fulfill his dream of becoming an entrepreneur and starting his own owner-operator business.

The program's main event is a one-day giveaway held at Progressive offices and affiliated vehicle repair facility locations across the United States. We'll be holding our 7th annual Keys to Progress vehicle giveaway event on November 7, 2019, with the goal of giving away another 100+ vehicles to veterans and their families and veteran organizations.

Each year on this special day, Progressive—together with affiliated network auto-body shops, the National Auto Body Council (NABC), business affiliates and several military and charity organizations—presents the refurbished vehicles to the recipients during a special giveaway ceremony held during the week of Veterans Day.

Progressive representatives team up with salvage companies and NABC member auto-body shops to identify and repair vehicles for this cause. We also work with military and charity organizations to find deserving veterans in need of a vehicle and gather their stories. Vehicles are donated to recipients through 1-800-Charity-Cars.

As a company, we see the need in our communities to provide support to military men and women who may be facing tough circumstances in life – from difficult personal and family health needs, to excessive rent burdens, unemployment and even homelessness. One of Progressive's Core Values is the Golden Rule. The Keys to Progress program is a great way to put that into action, extending the principle to people who have given so much for their country.

The events have been a great success, attracting the attention of media and communities across the country. This [You Tube video](#) helps to explain why. Now, it's time to work with all of you who will help us do this year's event. We look forward to creating even more memories and opportunities for deserving veterans and their families.

We want to provide **at least one veteran per event location** with a refurbished vehicle. **We plan to hold the events on Thursday, November 7, 2019, between 11:30 am and 1:30 pm at most locations, so please mark this date and time on calendars now so you can participate with us!**

Please see a list of participating locations on the next page.

Progressive thanks you for joining with us to support this important effort.
